Joinery skill, experience and capability

- Forming an integral part of the Contracts Division, our Joinery Department is ideally equipped to undertake contracts for bespoke joinery both in the UK and overseas.
- With over 30 years experience in undertaking high quality joinery contracts for discerning customers worldwide we are confident of our capability to satisfy the most demanding criteria expected by our clients.
- Our in house team of estimators, project managers, setters out and supervisors, all of whom come from a joinery background, are well qualified to ensure the smooth running of your project.
- Typical size of Joinery contracts undertaken: £10,000 – £1,000,000 both in UK and overseas.
- Whilst our reputation is founded on the production of high quality traditional bespoke joinery we are able to offer joinery services covering the whole range from traditional to contemporary styles.
